The Airliner Part Pack "NeistAir" by Neistridlar, updated with some patches (Old forum thread: <https://github.com/neistridlar/Neist-Airliner-Parts/>)

- Changelogs:
- *P8.1 - 13th of June 2022 (KerbMario)* H O T F I X
 - added license.txt, containing the CC-BY-NC-SA license of the original NeistAir mod. *
- *P8 - 5th of June 2022 (KerbMario)*
 - added SimpleFuelSwitch Support for all Fuel Tanks
 - added FilterExtensions as bundled (for now, i will hopefully find a workaround that doesn't need FilterExtensions bundled :P)
 - added FilterExtensions Support
 - fixed some Parts and their Tweakscale configs
 - renamed 31-37AD to 37-50AD, as it was named wrongfully
- *P7 - 3rd of June 2022 (KerbMario)*
 - added a custom animation to 25PC, i thought it was better (also i now know how animation works in Blender :D)
- *P6 - 9th of September 2020 (neistridlar)**
 - added Tweakscale support for all parts
 - fixed most part names.
 - made some part descriptions better.
- *P5 - 29th of March 2020 (neistridlar)*
 - Added EngineIgnitor Support to the 2 Engines.
 - all the following were by neistridlar
 - P6 - 9th of September 2020 (neistridlar)*
 - Fixed flipped nodes on TCS parts
 - B73 cockpit added
 - 12NCS-B73 added
 - CS22 cockpit added
 - 12NCS-CS22 added
 - A38 cockpit added
 - 18NCS-A38 added
 - 50PC added
 - 37-50AD Added
 - Adapters now have proper textures
 - Some IVAs have been populated with props.
- *P4 - 29th of August 2018 (neistridlar)*
 - Possibly other stuff
 - Added more cargo bays
 - Added more doors
 - Added CF6 sounds by Eskandre
- *P3 - 13th of August 2018 (neistridlar)*
 - Improved some textures
- *P2 - 30th of July 2018 (neistridlar)*
 - Added CF6 Engine
 - Added a CF6 version without variants for Backwards compability
- *P1 - 29th of May 2018 (neistridlar)*
 - Now requiring KSP 1.4.x for Nosecones and TCS Tail pieces.
 - First Prerelease
 - Made for Testing the modular wings.

All Parts in the mod currently:
